**BRING YOUR OWN TECHNOLOGY (BYOT)**

Bishop Druitt College has adopted a compulsory ‘bring your own technology’ (BYOT) approach for students in Years 7-12, which commenced in 2017. This approach enables students to bring suitable information and communication technologies to school to use in their learning.

The technology information sheets available from the link below provides guidance about the different types of ICT devices available and their suitability for learning at school. Also included is a list of typical questions that parents might have about BYOT and their answers.

# Stationery Requirements

## Years 11 – 12

### General
