### Coaches, Managers and Parent helpers.

All teams require a manager, a coach and parents who are willing to help with duty during the game. Please consider taken on one of these roles.

#### 1. Coaches

The coach's role is to encourage and direct the players at training and during the game. A level 0 and level 1 coaching course will be offered to all parents who would like to improve their skills and knowledge as a coach. Coaches will be issued with a set of training balls, bibs and a booklet with training drills.
